

# Cybersmart **SAFETY** **TIPS**

Add these useful tips to your cybersmart arsenal to keep yourself and your organization safe!

## **PHISHING**

Always verify email addresses and links, and be wary of unexpected attachments or urgent requests for sensitive information.

## **BUSINESS EMAIL COMPROMISE**

Ensure all business communication is verified through known contacts and secure communication channels.

## **PRETEXTING**

Verify the requester's identity through trusted communication channels before sharing sensitive information or complying with any unusual requests.

## **AI CHATBOTS**

Follow your organization's policy regarding the use of AI chatbots. Never share any personal or organizational information with them.

## **SOCIAL MEDIA**

Set strict privacy settings and be cautious about sharing personal information, location, or other sensitive details on social media platforms.
