SUPER AWESOME ACTIVITY BOOK

Brought to you by

© The Security Awareness Company, a division of Interpact, Inc. Security Cat is a trademark of the Security Awareness Company.
Hi, I'm Security Cat™ and I want you to be safe while surfing the internet. It's easy! I can show you how.
P is for Password
Help Security Cat™ make strong passwords.

Practice writing strong passwords in the boxes below! Make sure they’re at least 8 characters long.

Password 1:
Password 2:
Password 3:
Password 4:
Password 5:

Make your passwords using:
- Capital and Lowercase Letters
- Numbers
- Special Characters (@#%$*)

Passwords that use all 3 kinds of these characters are much stronger, which means they’re harder for bad guys to guess!
Draw yourself as an Online Safety Superhero!
Security Cat’s™ Word Jumbles

Unscramble the security words below and use the highlighted letters to uncover a secret message! You’ll have to unscramble the secret message as well.

D W O P S A S R

B Y Y E R C U L B L

T R T I N E N E

R E W M L A A

A C H E K R

T U Y S C I E R

C R V P I A Y

I O L S C A A E I D M

N I I H H P S G

P K A U C B

F W I I

What is the number one thing you can do to protect yourself online?

C is for cybercriminal
Security Crossword (Elementary)

Across

2. You can always ask them questions or talk to them when you don’t understand something. They are here to help you.

4. Emails or messages that try to trick you into giving away personal information or clicking on something you shouldn’t. Often they use bad grammar and spelling, or look like they come from a real person.

6. Treat your passwords like your __________: never share them with anyone and change them often!

8. Be careful what you ________ online. When in doubt, it’s best to say less.

9. You should always know where your ________ devices are, and make sure you have a lockscreen with a password on it. Some examples of these devices include iPhones, tablets, and laptops.

11. Think before you _______! You don’t want to download malware by accident!

Down

1. Ask your parents for _______ whenever you need it.

2. This protects your online accounts from the bad guys. It should be long and hard to guess.

3. Never talk to these people in real life or online!

5. What happens here, stays here, so be careful about what you share! Once you post something here it stays here forever!

7. Security ____ is your online buddy who helps keep humans safe and secure on the internet!

10. Don’t be a cyber _______! This means you shouldn’t say mean things about or to anyone online. If you see someone being one of these, be sure to tell a parent or teacher right away.
