Content By Subscription Level

You now really have 1,300+ new ways to make sure your users Think Before They Click!

KnowBe4's game-changing partnerships with The Security Awareness Company, Popcorn Training, exploqii, Canada Privacy Training, Twist & Shout, El Pescador, CLTRe, Saya University and MediaPRO allow you to significantly better manage the ongoing problem of social engineering. In your fight against phishing and ransomware you can deploy the best-in-class phishing platform combined with the world's largest library of security awareness training content; including 1,300+ interactive modules, videos, games, posters and newsletters.

Optional Add-ons

SecurityCoach: Available as an optional add-on to KnowBe4 Platinum and Diamond training subscription levels. SecurityCoach enables real-time security coaching of your users in response to risky security behavior based on the rules in your existing security software stack (minimum 101 seats).

Compliance Plus: Available as an optional add-on across all subscription levels. Compliance Plus training is interactive, relevant, and engaging with real-life simulated scenarios to help teach your users how to respond in a challenging situation. The content addresses difficult topics such as sexual harassment, diversity and inclusion, discrimination, and business ethics. The Compliance Plus library includes various types of media formats and reinforcement materials to support your compliance training program.

PhishER Plus is a light-weight SOAR platform that automatically analyzes and prioritizes reported email messages to identify and quarantine malicious email across an organization. Additionally, transforms in-the-wild phishing emails into training opportunities by flipping them into simulated phishing campaigns. PhishER Plus adds an AI-validated, crowdsourced blocklist and PhishRIP capabilities to proactively block and remove active phishing attacks that have bypassed email filters BEFORE your user gets exposed to them.
